3. The term “produce fissile material” does not include activities involving fissile material produced prior to entry into force of the Treaty, provided that such activities do not increase the total quantity of plutonium, uranium-233, or uranium-235 in such fissile material.

Article III

1. Each Party shall take the necessary measures to ensure that all persons and entities anywhere on its territory or in any other place under its jurisdiction or control do not produce fissile material for use in nuclear weapons or other nuclear explosive devices, and do not use fissile material produced after entry into force of this Treaty for that Party in nuclear weapons or other nuclear explosive devices.
2. For the purposes of this Treaty, no Party shall be precluded from using information obtained by national means and methods in a manner consistent with generally recognized principles of international law, including that of respect for the sovereignty of States.
